

Property address or reference _____

Optional. A reference or 'Sample property' is fine if you'd rather not write the address.

Floor: ☐ Ground ☐ First ☐ Second ☐ Other _____ Units: ☐ metres ☐ feet

1 grid square = _____ optional, e.g. 0.5 m. We draw from your written measurements.

North (optional)

5 mm grid · tips and symbol key on page 2

Upload your sketch at bricksandmedia.com/floor-plans/ · from £5 · delivered within 2 hours, once we have everything we need

£5 for one style or £8 for all three (2D Colour, 2D Black & White, 3D Cutaway). Any number of floors, one price.

One round of corrections included. Scan the code to open the page. Page 1 of 2

Tips and symbol key

1 Measure each wall, wall to wall

Write each length along its wall. Inside measurements, wall to wall.

2 Name every room

Kitchen, Lounge, Bedroom 1, Bathroom and so on.

Kitchen
Bedroom 1

3 Mark doors and their swing

Draw the arc to show which way each door opens.

4 Mark windows

Show where each window sits in the wall.

5 Mark stairs with an arrow pointing up

Draw the flight and an arrow towards the top.

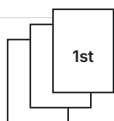

6 Note chimney breasts and alcoves

Sketch the step in the wall and measure it.

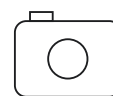

7 Use one sheet per floor

Label each sheet Ground, First, Second.

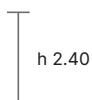

8 Take a clear photo

Flat, well lit, from directly above, whole sheet in frame.

9 Ceiling heights only if you want them

Add a height to a room if you'd like it shown.

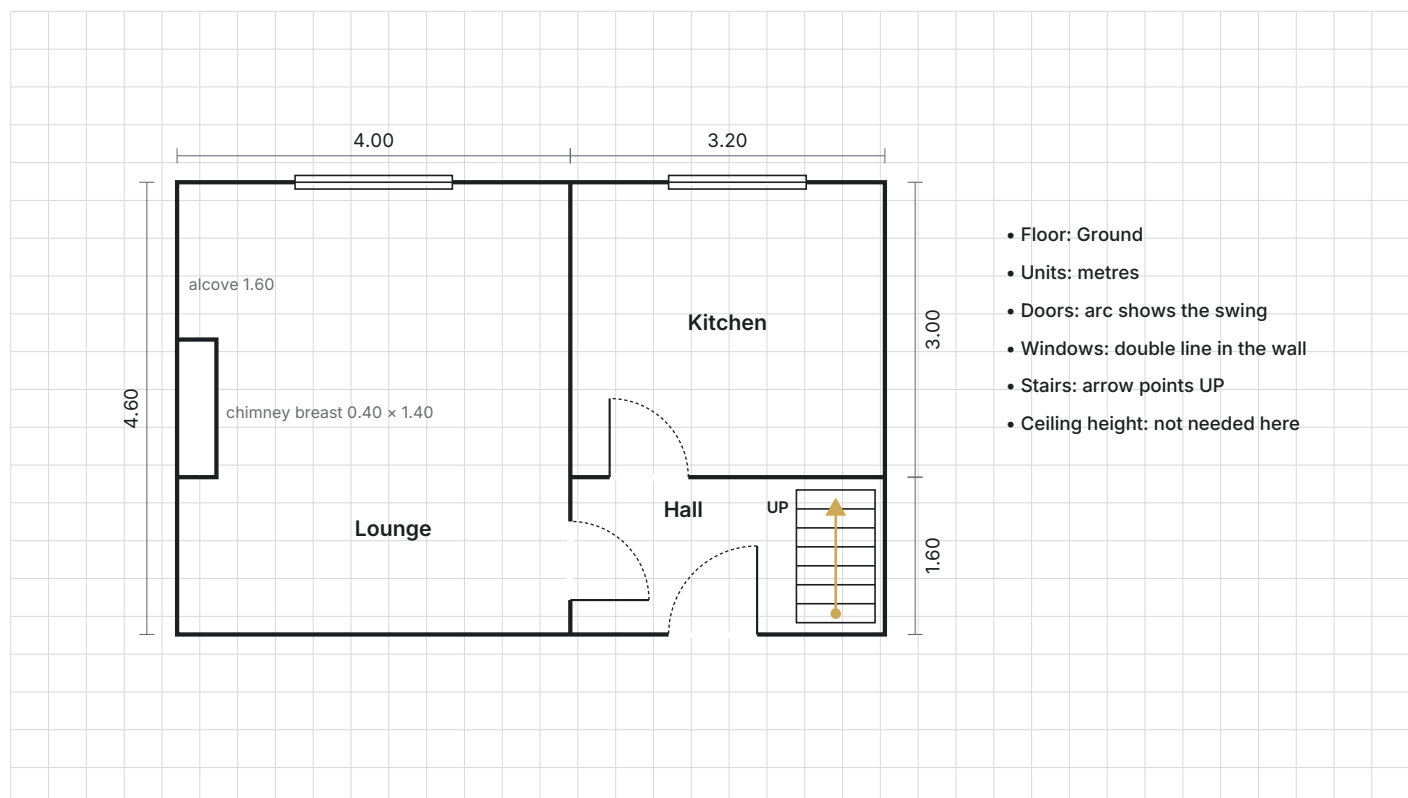

✓ Tick metres or feet on page 1

Photos, scans, screenshots or PDF are all fine. Graph paper like this helps.

Worked mini example · Ground floor

A small sample ground floor with every symbol in use. Units: metres.
